

RESCUE JUNIOR - Bill of Materials (BOM)

Team name:

TOKAI Susano

Teams participating in Rescue must submit a Bill of Materials (BOM).

Introduction:

TOKAI Susano
* Enter the price of each part and each software item used in the robot in U.S. dollars.
* Low-value parts may be grouped into one row with quantity 1 and a total cost (e.g., screws, LEGO parts).
* In the Creator column of the SOFTWARE sheet, enter the designer, author, or company that owns the software/library. If the team created its own algorithm, dataset, or AI model, team member names may be entered as the creators.
* In the Creator column of the HARDWARE sheet, enter the company, engineer, or manufacturer. If the team created custom parts such as robot PCBs, team member names may be entered as the creators.
* If the exact price is unknown, enter an approximate price.

Currency conversion used:

1 USD = 160.53 JPY
